Reviewer A:

The paper fulfill the scientific requirements of the journal. The research background, research design and statistical anylysis are sufficient. The outcome of the study would help in decision making for local interest therefore this paper is recomended for publication.

It is suggested to send the paper for grammar vetting for a better presentation of research work

Assalamualaikum pak rahmad, makalah sudah eka kirim ke upt bahasa, sekarang sedang menunggu koreksian dari upt bahasanya. Ternyata normalnya membutuhkan waktu lebih dari seminggu juga, apalagi sekarang translatornya lagi ke Singapura, bisa lebih....mudah-mudahan bisa secepatnya kelar, dan cepat juga terbitnya. Amiin... Terimakasih pak..
